

The best in the business
Fabrication
and Customization

Custom Processors

Best in the Industry

Why do the largest further processors trust us with their raw material needs? Simply put, because we deliver the best custom beef products in the industry. This drives better yields, resulting in less waste & labor costs and greater profitability.

Quality you can Trust

So whether you are a deli maker, jerky processor, retail or foodservice distributor just seeking custom fab items to better aid your customers, let our team of highly skilled butchers create the right solution to fit your needs.

Partners for Success

At Lincoln Provision, we seek to partner with you to bring the best solutions to help grow your business. We have been trusted for generations in bringing the highest quality meats in the industry. Call us today and see how we can help grow your business.
